[DRINK PURE]

PURE swiss artesian WATER
from the MATTERHORN region

Tucked in the southwest of Switzerland, stretching along the narrow ribbon of the Rhône Valley between Lake Geneva and the Rhône Glacier, lies Valais. With the legendary Matterhorn rising up as its backdrop, Valais is a paradise – bursting with flowers one season, a winter wonderland the next. Valais offers an oasis of many amenities – but it is our water which is most unique. Cascading down the mountains when the snows melt, gushing in abundance from the numerous thermal springs, water is the life force of the Valais kingdom. Our pure, clean water with a pH matched perfectly to that of your body is like no other in the world. It refreshes and revitalizes the mind and body, and provides a cleansing hydration that can only come from our exclusive, well-protected spring at the base of the Matterhorn.

Technical data for a 40' container

Trade unit: box	Bottle : 0.25cl	Bottle : 0.50cl	Bottle : 100cl
Quantity of bottles per unit	24	24	12
Quantity of unit/box per layer	10	8	11
Quantity of layer per pallet	10	7	5
Quantity of unit/box per pallet	100	56	55
Quantity of bottles per pallet	2400	1344	660
Size of a full pallet	length : 1100 width : 823 height : 1890	length : 1100 width : 800 height : 1848	length : 1110 width : 800 height : 1690
Volum of a full pallet	1.71m3	1.63m3	1.50m3
Quantity of pallet per container	28 pallets	30 pallets	30 pallets

LETTER OF APPROVAL

The undersigned Official Food Law Enforcement Authority certifies that all food and their ingredients brought into circulation in Switzerland must be produced according to the Swiss food law. According to these regulations, food does not only have to be produced under faultless hygienic conditions but above all may not contain any substances which could be harmful to health in character or amount.

In this respect the exporting company Aproz Sources Minérales SA is under control by the official food law enforcement authorities :

- The undersigned authority is the **regulatory agency having jurisdiction** over the company Aproz Sources Minérales SA;
- Aproz Sources Minérales SA is subject to **regular inspections** by the Cantonal Foodstuffs Inspectorate;
- The **bottling plant facilities** of Aproz Sources Minérales SA have been approved to bottle water for human consumption;
- Aproz Sources Minérales SA has implemented a quality management system in conformity with **ISO9001** and a Food Safety Management System in conformity with **BRC Global Standard-Food**;
- The water of the source Montis has been granted as a **Natural Mineral Water** according to the Swiss regulations;

- The **tapping of the spring Montis** and the **protective zones** of the source Montis have been approved by the regulatory agency (Department of transport, equipment and environment of canton Valais);
- Bottled water produced by Aproz Sources Minérales SA is regularly **analysed** by our labs and can be declared to be both within the appropriate microbiological specifications and healthy.

A handwritten signature in blue ink, consisting of a large, stylized 'C' followed by 'élestin Thétaz' and a large '7'.

Dr Célestin Thétaz
Chimiste cantonal

Typical mineral composition

Sodium [mg/l]	Na ⁺	7
Potassium [mg/l]	K ⁺	2.5
Magnesium [mg/l]	Mg ²⁺	22
Calcium [mg/l]	Ca ²⁺	90
Strontium [mg/l]	Sr ²⁺	1
Fluoride [mg/l]	F ⁻	< 0.1
Chloride [mg/l]	Cl ⁻	12
Nitrate [mg/l]	NO ₃ ⁻	4.5
Bicarbonates [mg/l]	HCO ₃ ⁻	225
Sulfate [mg/l]	SO ₄ ²⁻	105
Silica [mg/l]	SiO ₂	7.5
Total dissolved solids [mg/l]		390
Conductivity at 20°C [µS/cm}		550
Total hardness [mg/l CaCO ₃]		300
Water temperature at source [°C]		10
pH at 20°C		7.6
Source name		Montis
